*Class Descriptions listed on the back.*

**Chair Yoga Flow** – Our practice will begin in our chairs for meditation and breath work. We will transition to standing floor asana to strengthen our core and major muscle groups for better balance and stability. This class includes seated, standing balance with the assist of a chair, and moderate yoga flow sequencing. Yoga mats and smiles are welcome!

**COREography** – Do you wish to have a stronger core and become more toned and flexible? Then this class is for you! Each class is different, as variety is the spice of life!

**HIIT Strength** – A rigorous interval training sequence with high-intensity exercises. It builds cardiovascular fitness while improving muscular strength and endurance. People are challenged to push to their limits and walk out feeling strong. Suitable for all fitness levels, as modifications are shown.

**HiPi** – High intensity interval training coupled with Pilates. Come join Valerie for head-to-toe toning and heart pumping fun!

**LIFT** – Build strength, add definition, increase bone density, and decrease body fat by INCREASING lean muscle. Using a variety of weight training equipment and techniques, change the shape of your body – every muscle, every Saturday, in one hour.

**Mindful Flow Yoga** – Experience the relaxing and healing effects of mindful movement through flow yoga, and take with you helpful tips for the deepening of your own mindful practice on and off the mat.

**Mindful Monday** – Take a well-deserved break and practice self-care for mind and body. No previous yoga experience is necessary. Explore breath work along with slow and gentle yoga and mindfulness practices. Calm the mind, relax, stretch, and strengthen the body, while enhancing your overall well-being.

**PowerUp** – Power up all your muscles, including your heart, in this workout! Shape, tone, and strengthen your body with weight training, and up your calorie burn with aerobic exercises.

**Pulse (Spin Class)** – Ride to the rhythm. This class mixes a variety of tempos and drills over one hour of great music!

**Sculpt & Stretch** – Move and melt the body and mind in this class that is both rejuvenating and restorative! Spend the first half building heat with resistance training to sculpt muscles from head to toe. Then, finish up with deep stretching to release tensions and tightness. Free weights, body weight, and more will be used. A great workout to find balance in both mind and body.

**Slow Flow & Yin Yoga** – Show yourself some love as you bring mind and body into balance. This yoga practice pairs breath work with a slow vinyasa flow followed by soothing yin yoga to release tension deep in the muscles and connective tissue. All levels welcome, especially those who desire a slower-moving yoga practice, a deep relaxing stretch, and harmony in mind and body.

**Spintensity (Spin Class)** – Be ready to push yourself to the max with sprints, climbs, surges, and combos. This class will rev up your heart after a long day's work. Suitable for all fitness levels.

**Timeless Yoga (Chair Yoga)** – This class is designed for people of all ages with limited range of motion and mobility. Participants will practice techniques to improve breathing capacity, concentration, flexibility, strength, and relaxation. Exercises are done with the use of chairs and blankets or cushions.

**Vinyasa Flow Yoga** – Vinyasa flow yoga is the movement of the breath with a dynamic sequence of connected yoga postures, which are joined together in a smooth, flowing way. The breath is an important component of this class. You will be instructed to move from one pose to the next on an inhale or an exhale. The class is centered around present, non-judgmental awareness. Participants have an opportunity to explore their own experience, using body and breath to calm and center the mind. Benefits include: strength, balance, stress relief, and learning to rest the mind in the moment.

**Weekend Warrior** – A fusion of yoga and Pilates, this class will help jumpstart your weekend. Become more toned and flexible, while improving your balance.

**Yoga Blend** – A beginner mix of meditation, chair flow, standing short sequence, and balance asana. A fluid practice designed to enhance mindfulness and increase your flexibility, strength, and balance. Come join us for a fun and informal yoga practice that is accessible for everyone!
